

...pour vous donner une idée de la nouvelle interface de NEBIS, prévue pour l'automne 2010... (...qui sera bien sûr également disponible en français...)

- recherche simplifiée (un seul champ de recherche, proposition de mots proches, navigation à facettes...)
- classement des résultats par le critère de pertinence et non plus chronologique
- des possibilités de personnalisation seront progressivement introduites (créer son compte personnel, « tagging », commentaires, recommandations de livres ...)

The screenshot displays the NEBIS website interface. At the top left is the NEBIS logo. On the top right, there are language options for 'Français' and 'English'. Below the logo, there are links for 'NEBIS-Benutzungskonto', 'Hilfe', and 'Andere Kataloge'. The main search area features a search bar with a 'LOS' button, and dropdown menus for 'Suchen in' (set to 'Alle'), 'enthält', and 'in allen Felder'. There are links for 'Neue Suche' and 'Erweiterte Suche'. To the right of the search bar, a user greeting 'Hallo, Gast' is shown with a 'Gast e-Shelf' button. Below the search bar, there are two main sections: 'Suche und Benutzung' (left) and 'Über NEBIS' (right). The 'Suche und Benutzung' section includes links for 'Primo NEBIS', 'Suchen und Finden', 'Ausleihe', and 'Einschreibeformular', each with a 'Mehr' link. The 'Über NEBIS' section includes links for 'Verbundbibliotheken', 'Ferien- und Inventurschliessungen', 'Neuerwerbungen einzelner Bibliotheken', 'Homepage NEBIS', and 'Informationen für Verbundbibliotheken'. At the bottom, there is a footer with 'Primo by Ex Libris: Find it, Get it', 'Last updated: June 2008', and 'World Wide Web Disclaimer and Company Policy Statements © 2007 Ex Libris Ltd.'.
